

ICoTA Brazil Well Intervention Workshop

Production and Recovery Optimisation: Maximizing Value Through Smarter Well Interventions

Sheraton Grande, Rio de Janeiro 24 September 2026

Call for Abstracts - Deadline 17th July 2026

▶ BOOK YOUR SPOT!

The ICoTA Brazil Well Intervention Workshop will focus on production and recovery optimisation. By working smarter, we can maximise value while also improving long-term decommissioning outcomes, well integrity, and basin stewardship. The workshop will provide an excellent opportunity for well intervention professionals to share insights, strengthen collaboration, and do business.

Abstracts are now open, and we welcome submissions covering solutions, technologies, and case histories with a focus on:

- Recovery and production enhancement solutions
- Light weight solutions
- Subsea interventions
- Mature field intervention
- Revitalization of mature fields
- Workover and P&A intervention
- Decommissioning and Abandonment

How to submit your Abstract

Companies are invited to submit abstracts of no more than 200 words for presentations lasting 20 minutes or for 5 minute 'Techbytes' (shorter sales-oriented pitches)

Send your abstract in a word document, indicating the author and title and email to latam@icota.com

Abstract Deadline: 17th July

Please note presentations should be given in English.

Registration & Sponsorship

Discover the latest technologies, best practices, and case studies driving production and recovery optimization through smarter well interventions.

This one-day technical workshop brings together operators, service companies, and well intervention professionals to explore innovative approaches that maximize asset value while improving well integrity, supporting effective decommissioning, and promoting responsible basin stewardship.

Whether you're looking to share knowledge, learn from industry experts, or build new business relationships, the ICoTA Brazil Well Intervention Workshop offers an ideal forum for technical discussion and networking. ICoTA Europe is a not-for-profit organisation. Any surplus funds generated will get reinvested to help support various initiatives such as our future generation of young engineers. We have a variety of sponsorship packages which gives companies brand exposure before, during and after the event.

Why Attend?

- Learn from real-world case histories and technical presentations.
- Explore innovative well intervention technologies and solutions.
- Share operating experiences and lessons learned.
- Network with industry leaders and technical professionals.
- Discover practical approaches to improving production, recovery, and long-term asset performance.
