

ICoTA Brazil Well Intervention Workshop

Production and Recovery Optimisation: Maximizing Value Through Smarter Well Interventions

Sheraton Grande, Rio de Janeiro 24 September 2026

 **BOOK YOUR SPOT!**

The ICoTA Brazil Well Intervention Workshop will focus on production and recovery optimisation. By working smarter, we can maximise value while also improving long-term decommissioning outcomes, well integrity, and basin stewardship. The workshop will provide an excellent opportunity for well intervention professionals to share insights, strengthen collaboration, and do business.

Discover the latest technologies, best practices, and case studies driving production and recovery optimization through smarter well interventions.

This one-day technical workshop brings together operators, service companies, and well intervention professionals to explore innovative approaches that maximize asset value while improving well integrity, supporting effective decommissioning, and promoting responsible basin stewardship.

Whether you're looking to share knowledge, learn from industry experts, or build new business relationships, the ICoTA Brazil Well Intervention Workshop offers an ideal forum for technical discussion and networking.

Why Attend?

- Learn from real-world case histories and technical presentations.
- Explore innovative well intervention technologies and solutions.
- Share operating experiences and lessons learned.
- Network with industry leaders and technical professionals.
- Discover practical approaches to improving production, recovery, and long-term asset performance.

ICoTA Brazil Well Intervention Workshop Production and Recovery Optimisation: Maximizing Value Through Smarter Well Interventions

Sheraton Grande, Rio de Janeiro
24 September 2026

Registration & Sponsorship

Showcase your company and connect with key decision-makers in the well intervention industry. We have a variety of sponsorship packages which gives companies brand exposure before, during and after the event.

For additional details or to register/sponsor, please visit <https://latam.icota.com/events/icota-brazil-2026>

Registration	Fee (USD)	Included
Individual	\$200	1 Pass & Membership
Presenter BOGO	\$200	1 Pass & Membership
Sponsorships	Fee (USD)	Included
Platinum	\$4,000	8 Passes & Memberships
Gold	\$2,000	4 Passes & Memberships
Silver	\$1,000	2 Passes & Memberships
Cocktail Reception	\$1,750	1 Pass & Membership
Workshop	\$750	1 Pass & Membership, Opportunity to display a pop-up banner
Coffee	\$750	1 Pass & Membership

Thank You Sponsors!

Contact Information

7:30-8:30 REGISTRATION IPANEMA		
8:30	Opening Remarks	
1st Session - Morning		
8:40	Selective ICD Stimulation and Water Shut-Off Using a CT-Conveyed Inflatable Straddle Packer	SLB, Sergio Fajardo
9:05	Rigless Plug and Abandonment Operations via Slickline and Advances in Coiled Tubing Technologies	Archer, Fernando Zapata
9:30	Coil-IQ™ Automated CT Intervention Platform	Baker Hughes, Vikram Unnikrishnan
9:55	Cement Plug Milling for Safe Reentry of a Legacy Abandoned Subsea Exploratory Well, Brazil: Case Study	Halliburton, Elvis Martins
10:20-10:35 COFFEE BREAK IPANEMA		
2nd Session - Morning		
10:35	Hydra Integrated Intervention System with CoilHose™ for Multi-Service Slickline, E-Line, and Nitrogen Unloading in a Constrained Offshore Well	Expro, Kyle McKenzie
11:00	Overcoming Completion Access Restrictions During Deepwater P&A: First Welltec® Springblade Patch Deployment for SCSSSV Lock-Open Offshore Brazil	Welltec, Rafael Bonon
11:25	Lessons Learned from Offshore Thru-Tubing P&A Campaigns in Brazil: The Role of Cleanout Operations and Real-Time Downhole Telemetry in Barrier Installation	Baker Hughes, Pablo Coca
TechBytes		
11:50	Advancing Operational Effectiveness in Well Interventions: Novel Downhole Camera Platform with Pass-Through Capabilities Allows for Combinability of Third-Party Electromechanical and Logging Services for a Single-Trip Service with Visual Confirmation Capabilities	EV, Diego Arcanjo
11:55	Coiled Tubing “One-Stop Shop” for Late-Stage Exploration Well Decisions (Llanos Basin, Colombia)	SLB, Sergio Fajardo
12:00	Fluid-Cement Compatibility Assessment and Mitigation Strategy for Perforation, Washing, and Cementing (PWC) Abandonment Operations	Baker Hughes, Carlos Trindade
12:05	Hunting Opti-TEK Slickline Tubing Cutter	Hunting, Steve Moir
12:10	Optimizing Drillouts Using Live TFA	NOV, Robert Fairley

12:15-1:30 NETWORKING LUNCH T-LOUNGE		
3rd Session - Afternoon		
1:30	Ultrasound Imaging for Chemical-Injection-Line Orientation in Challenging Fluid Conditions	Archer, Kenza Lahlou
1:55	Leveraging Distributed Temperature Sensing to Diagnose Acid Stimulation in Deepwater Interventions	SLB, Sam Bremner
2:20	The Next Evolution of Coiled Tubing: Multiple Grades in a Single String	Tenaris, Carmen Grimaldo
2:45	Real-Time Flow Intelligence for Well Interventions Using DAS/DTS Edge-to-Cloud Analytics	Baker Hughes, Zhanibek Nadirov
3:10-3:25 COFFEE BREAK IPANEMA		
4th Session - Afternoon		
3:25	Multi Well Coiled Tubing Catenary Operations Performed Offshore Indonesia – Case History	Baker Hughes, Ricardo Carvalho
3:50	An Alternative Cost-Effective Approach to Stuck Pipe Prevention And Remediation. One Coiled Tubing Company's Experience Based on Over 1000 Coiled Tubing Runs	Hunting, Steve Moir
4:15	Reducing Non-Productive Time Through Heave Limit Optimization: Lessons Learned from Offshore Plug and Abandonment Operations	Baker Hughes, Carlos Trindade
TechBytes		
4:40	Lessons Learned from Deploying a Modern Surface Intervention System for P&A	Wellvene, Neil Campbell
4:45	Novel Zonal Isolation Strategy to Shut Off Water Production Using Bismuth Alloy Technology, Optimizing Production, Recovery and Asset Value	BiSN, Paul Carragher
4:50	Restoring Production Through Casing Repair and Water Shutoff: Case Histories Using Swellable Particulate Technology	TAQA, Lisa Blankenship
4:55	Restoring Pressure Integrity for Suspension/P&A with CT Through Parted Tubing in a Deviated Well	SLB, Sergio Fajardo
5:00	Unlocking the Multi-Extended-Reach Tool Modeling Secret – The Key to Optimal Up-hole Placement	NOV, Robert Fairley
5:05	Closing Remarks	
NETWORKING COCKTAIL RECEPTION CASARAO
